Healthcare business: Cloud-based medication history service

In response to the medical fee revision, the Company will promote a shift "from services handling materials to interpersonal services" at pharmacies and promote ICT at pharmacies as well

Existing medication history

Paper, on-premise

Focusing on records (the main purpose is requesting medical fees)

April 2022 Revision of the Medical Fee (Effects on pharmacies)

- Putting more emphasis on the evaluation of interpersonal services, including continuing medication guidance
- Additions for community support structures, shifting focus to family pharmacies and home visits

Future medication history

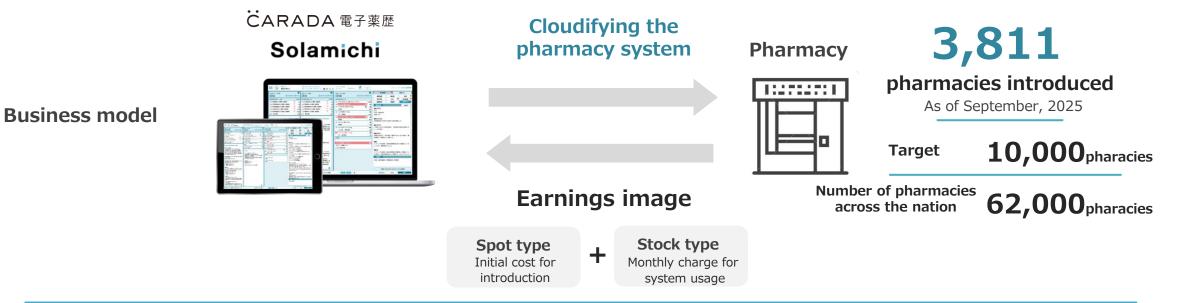

Operation outside pharmacies Reinforcing communication with patients

<u>Demand for cloud-based medication history that has a wealth of</u> <u>medication advice and medication follow-up functions will increase</u>

Market development with cloud technologies

What is 'medication history'?

Patient's drug prescription records

Pharmacists at pharmacies dispense drugs based on doctor's prescriptions. After the drugs are administered, they monitor the effects and possible adverse effects through direct interaction with patients to prepare a drug administration history for each patient. With each revision of the revision of the Medical Fee System, interest in electronic drug histories, especially those featuring "cloud drug record" and "medication administration guidance functions," has increased, shifting from traditional paper or on-premise drug records to cloud-based systems.

Healthcare business: Maternal and child health handbook app + Childcare DX services

"Childcare support" is a social issue

Delay in digitalization for childcare support

Paper-based procedures **Extremely inefficient**

Guardian

Municipal

Immunization facilities

Childcare-related procedures

Digitalization is a pressing issue

- ✓ Parents forced to visit the office with small children, long waiting times
- ✓ Parents asked to enter the same things every time in questionnaires
- ✓ Much paperwork is written by hand, and specifications vary between municipalities
